Prevent future damage

Biolage Advanced Keratindose System for Chemically Damaged Hair

Keratindose

Color-treated hair feels like straw? Biolage Advanced Keratindose System helps reinforce over-processed, weak or fragile hair.

Shampoo

Gently cleanses while maintaining the integrity of damaged, over-processed hair.

Conditioner

Moisturizes and smooths to keep over-processed hair silky and manageable.

Renewal Spray

Provides instant silkiness, shine, and manageability. Frizz and flyaways are tamed.

ABOUT BIOLAGE

Professional Results

We strive to transform hair to its healthiest state.

Performance is the priority, and the feel of your hair is the most important result.

Sensorial Experience

Every indulgent formula is uniquely crafted to feel and smell like an immersive Biolage experience.

Signature Fragrance

A blend of 27 notes creates an irreplaceable and timeless fragrance that is known and loved.

Commitment to Sustainability

From formulas to packaging, all of our products are produced through responsible manufacturing.

How often should I use this?

You can use as often as you like, on dry and wet hair.

Do I apply to wet or dry hair?

After using Keratindose Shampoo and Conditioner, spray the Pro-Keratin Renewal Spray onto wet hair and style as usual. Spray on dry hair as a finishing product for extra conditioning and softness.

Is it a leave-in conditioner?

Yes, this leave-in spray provides nourishment & moisture for over processed hair.

Can I use on color-treated hair?

This spray helps prevent future breakage for damaged, over-processed, color-treated, weak or fragile hair.
