

Casio GMDB800-4 G-Shock Women's Watch Pink 50.7mm Resin Review-2021

[Read Customer Reviews](#)

Designed for the stylish and fashionable athlete that's striving for optimal performance, this Casio G-Shock G-Squad series will meet all your tracking needs

Built with a smaller resin case than that of the popular G-Shock GBA-800 watches, this model is a better choice for women who prefer compact stylings

With new Bluetooth(R) capabilities, this watch can link to a smartphone, providing better workout and overall health tracking support

Specific workout functions include a 3-axis accelerometer that keeps track of step counts, a timer that lets you create up to 20 combinations of five timers each, and memory for up to 200 lap records

Using a combination of these functions and innovative apps allows you to maintain step count logs with five exercise intensity levels, calculate the calories you burn, specify a daily step target, create timer combinations and send them to the watch, as well as store and view stopwatch measurement data Review 2021, feedback 2021, promo code, discount code 2021, buy, picture, description, sale, price comparison, cheap, cheapest, value for money.
