With Command Products, hanging pictures and art to create a focal point in your room is quick and easy! For all of your accent pieces, there is a Command Strip or Hanger that can be used to hang it, with no damage to your walls.

To create your own wall gallery, start by planning out your layout on the floor in front of your wall space. Then select an appropriate Command Picture Hanging product for each of your pieces. Ensure wall and frames are clean and dry.

Follow package instructions for proper application, weight and strip positioning recommendations. Apply product to back of frame and then adhere to wall. Gently peel frame from the bottom to detach from wall and press on strips for 30 seconds. Wait one hour before rehanging frames. The click of the strips connecting will tell you they are locked in place.
