

EXPPAN Bike Seat, Most Comfortable Bicycle Seat Dual Shock Absorbing Memory Foam Waterproof Bicycle Saddle Bike Seat Replacement with Reflective Tape Review-2021

[Read Customer Reviews](#)

SUPER COMFORTABLE BIKE SADDLE: EXPPAN bike seat is padded with thick high-density memory foam, which can put you in an ideal cycling position, maximizing comfort on longer rides. With the dual spring suspension in the bottom of the bicycle seat, it can provide strong effect of shock absorption and give better protection to your riding even on the bumpy road. Moreover, it will not cause noise between the spring

ERGONOMIC & HOLLOW BREATHABLE DESIGN: The bike seats narrow front side design allows your thighs to move freely while riding, preventing friction inside the thighs. And the wide back part provides more seat area and gives a better fit to your butt. The humanized hollow breathable design of the bicycle seat is convenient for ventilation and cooling, helping you to ease pressure of the private parts and enhance driving comfort

UNIVERSAL FIT AND EASY TO INSTALL: EXPPAN bike seat cushion is a perfect bike saddle replacement for all standard bicycle, such as mountain bike, road bike, racing bike, stationary bike, rotating bike, etc. With the removable clamp adapter, it is very easy to install. Perfect for both men and women

WEAR RESISTANT AND WATERPROOF: The surface of the mountain bike seat is made of wear-resistant, anti-scratch and non-slip artificial leather that can give the saddle long-term durability. It is also waterproof and can protect it from the rain

RED REAR WARNING STRIP UNIQUE DESIGN: This wide bike seat cushion is designed with a red warning strip which allows you to be noticed by other cyclists when riding at night, or in bad weather, making your trip much safer. No more pain for your daily riding or long journey!

If you want to increase your enjoyment of riding a bicycle, EXPPAN bike seat would be a good choice to you. It is designed to eliminate seat pain and make your cycling trip more comfortable, and will give you a totally different experience from other bike saddles.

Main features:

*Leather cover is durable and breathable

*Center hollow design provides pressure relief and avoid sweaty discomfort

*Padding with superior memory properties conform to the body and supply long ride comfort

*Dual spring suspension design ensures a smoother ride while cycling on the bumpy section of the road

*Universal fit that allows you to mount the saddle on almost bicycle

*Red rear warning strip improves your visibility when riding during dusk or night

ERGONOMIC DESIGN, SUPER COMFORTABLE

With EXPPAN bike seat, you can enjoy a healthy happy long-distance riding. It is suitable for both men and women. The wide contoured shape seat is constructed with high-density foam padding to absorb road vibrations and provide you with comfortable seat area, better protect butt and spine. The front sides narrow design will not obstruct thigh moving, and alleviate scuff and pain to legs when riding, perfect for a long journey.

BREATHABLE AND SHOCK-ABSORBING

The hollow design of the bike seat can create cooling, avoid sweaty discomfort, and help relief pressure on sensitive tissues on longer rides. Dual spring suspension design in the bottom of the mountain bike seat makes the bike saddle have strong shock absorption effect, ensuring a smoother ride on bumpy and uneven roads.

REFLECTIVE STRIP DESIGN

This wide bike seat cushion is equipped with a warning reflective strip which makes it more eye-catching and improves your safety when riding at night or in foggy weather.

WEAR & TEAR RESISTANT

The surface of the bicycle seat is made of wear-resistant, anti-scratch and non-slip microfiber artificial leather, which can provide a longer saddle life. It is also waterproof, so you can drive in peace even in a rainy day.
