

# GEARWRENCH 75 Pc. Ratcheting Tap and Die Set, SAE/Metric - 3887 Review-2021

[Read Customer Reviews](#)

Die adapter works on round and hex shaped dies

Ratcheting T-handles wind dies with a 5° swing arc and have a reversing lever to eliminate hand-over-hand turning

Twist lock guide system reduces the "walk back" of the die guide and keeps the dies centered while cutting

Die adapters work with the 3/8" Drive pass-thru ratchet and socket system as well as socket accessories

Auto-locking feature allow the tap adapters to be removed safely

Spring-loaded cap allows for quick release of large tap adapter

Drive extension adapters provide greater access in confined areas when used with 3/8" Drive extensions

GEARWRENCH Ratcheting Tap & Die Sets  
GEARWRENCH has taken the ratcheting wrench design and applied it to the tap & die. The ratcheting handles and adapters allow for easy back and forth movement required while cutting threads on either taps or dies. The 5° ratcheting arc with reversing lever eliminates hand over hand turning.

The GEARWRENCH ratcheting T wrench utilizes a 5° ratcheting arc to eliminate hand over hand turning allowing you to get the job done more quickly.

GEARWRENCH offers both taper and plug taps in our ratcheting tap & die sets allowing the user to have the proper tools at the right time.

GEARWRENCH Ratcheting T Wrenches

The GEARWRENCH ratcheting T wrenches are available in 2 sizes - medium & large. Our twist lock guide system reduces the chance for 'walk back' of the die guard. Die adapters work on round and hex shaped dies and also fully integrate with our Pass-Thru ratchet and socket system. You can also extend the length of any of the GEARWRENCH taps and dies by combining the adapters with any standard 3/8 In. drive extension.
