

# Lickimat Tuff, Heavy-Duty Dog Slow Feeders for Boredom & Anxiety Reduction; Perfect for Food, Treats, Yogurt, or Peanut Butter. Fun Alternative to a Slow Feed Dog Bowl! Review-2021

[Read Customer Reviews](#)

REDUCES ANXIETY, BOREDOM AND DESTRUCTIVE BEHAVIOR – LickiMat helps calm and soothe your pet by promoting licking and releasing endorphins. Great for stressful times like thunderstorms.

DISTRACTION AND ENTERTAINMENT: LickiMat will be your dog’s best buddy when you need quiet time, peace when you have guests or whilst on a video call. Keep pets entertained by giving them their favorite spreadable treats. Few calories – many minutes of healthy distraction. Check out our website for more recipes.

New TUFF series: Chew-resistant, non-slip rubber feet and 100% dishwasher safe. Same soft Authentic LickiMat rubber surface for pleasurable licking action and healthier teeth, gums and fresher breath. Gentle on your pet’s tongue. The tough LickiMat. Developed and recommended by Vets.

SLOW FEEDER & TRAINING AID: LickiMat works with all manner of treats and foods to promote slower eating, reduce bloating and stop gulping. Foods and treats range from yogurt, peanut butter and spreadable treats, raw, wet, dry and liquid foods, allowing your pet to enjoy just a small amount of food over a longer period. Used by dog trainers worldwide in positive training. Perfect for crate training too.

ENVIRONMENTALLY FRIENDLY AND SAFE: Silicone free, recyclable and made out of human grade rubber. The hard base of the TUFF is better suited for puppies or known chewers. PLEASE SUPERVISE YOUR PET DURING USE. PLEASE REFER TO TRAINING NOTES ON WEBSITE.
