[Read Customer Reviews](#)

10 Count of Plackers Grind No More Dental Guard: an ideal disposable and ready-to-use night guard

Comfortable and streamlined one-size-fits-most design made for upper or lower teeth

Protection for both "clenchers" and "grinders" alike

Hygienic, BPA-free, and disposable guards can be used for up to 3 nights

Individually packaged and ready to use, our guards are an instant fit every time

No boiling, cutting, or molding required

Bite plate alignment grooves, absorbing bite plates, and stabilizing bite plate lips offer maximum protection

About Plackers
Since pioneering the first dental flosser, patented over 40 years ago, Plackers has helped brighten the smiles of millions. With our complete line of dental flossers that are engineered not to stretch, shred or break during use, Plackers has redefined the ease, comfort and convenience of flossing. We know your smile is important to you. Let us help you keep it clean and healthy with our diverse line of flossers, accessories, and night protectors that help protect against teeth grinding.

PLACKERS GRIND NO MORE DENTAL NIGHT GUARDS

Tired of teeth grinding through the night?

Grind No More Dental Night Guards are perfect for those suffering from bruxism, more commonly known as teeth grinding or clenching. The grooved bite plate absorbs grinding and clenching throughout the night, while a specialized lip keeps the guard from slipping.

Use Grind No More Dental Night Guards to stay comfortable all night long.

One size fits all

Wear on bottom or top teeth

Reusable and disposable

Individually packaged

INSTANT FIT

These night guards are ready to use right out of the package and can be placed on your top or bottom teeth. No boiling, cutting or molding required and they give you an instant fit every time.

PROTECTIVE DESIGN

Our night guards feature a comfortable bite plate with alignment grooves to help absorb grinding and clenching, plus a stabilizing lip to limit slippage.

CONVENIENT

These disposable and ready-to-use night guards are individually packaged, making them easy to pack for business or vacation travel.

ASK A DENTIST BEFORE USE IF YOU HAVE:

• Loose caps or fillings, or cavities without fillings.

• Clicking of your jaw. Pain in your teeth, jaw, face, or if you have trouble chewing.

• Two or more missing teeth.

• Sores in your mouth.

• Disease or bleeding of the gums.

• Serious breathing, respiratory, or other health problems.

WARNING - DO NOT USE:

• If you are under 18 years of age.

• If you wear braces or other dental appliances.

• If you have loose teeth.

â€¢ If you have been diagnosed with temporo-mandibular joint (TMJ) problems.

â€¢ If you are currently experiencing pain in the mouth or jaw because of tooth clenching or grinding.

â€¢ As an athletic mouth guard. The dental protector does not absorb shock.

â€¢ For more than 3 months from initial use without consulting your dentist. See your dentist every six months thereafter while using this product.

DISCONTINUE USE AND CONSULT A DENTIST IF:

â€¢ You develop soreness, bleeding gums or any other reaction inside your mouth

â€¢ You notice new symptoms such as pain in your jaw, teeth, ear, neck stiffness, headache, or joint clicking after using the dental protector

â€¢ The same symptoms persist after over a month of use

â€¢ The product falls out of your mouth easily

â€¢ The product disrupts breathing, feels uncomfortable or causes you to gag

â€¢ You have loose teeth or a change in your bite that lasts more than a few minutes after removing
