[Read Customer Reviews](#)

Protective Case for iPad Air 10.9 4th Generation 2020 released tablet (Model number: A2316 A2324 A2325 A2072), Not compatible with any other devices. Please check the back bottom of your iPad to find the model number

Lightweight hard back design adds minimal bulk while offering your device great protection against accidental drops and bumps

Translucent frosted back cover allows you to see the Apple icon through your favorite color and protect your device against fingerprints and scratches in the mean time

Classic and professional design; Full access to all features (Cameras, Speaker, Ports and Buttons), but NOT support Smart Keyboard in this case

Support 2nd Gen Apple Pencil Charging and Attachment feature; Support auto Sleep/Wake feature; Magnet secures the case closure, easy snap on and off This slim hard shell case is exclusively made to enhance the use of your Apple iPad Air (4th Gen) 10.9 Inch 2020 Released. It features an easy clip-on application. The durable hard back shell cover offers great protection against damages and scratches, and the soft scratch-free microfiber interior of the front cover adds comfort and an additional layer of protection. Classic and professional design brings your iPad a stylish new look. Compatibility: 2020 iPad Air (4th Gen) 10.9 Inch ONLY; NOT compatible with any previous iPad models.

Humanized Design

Tri-fold front cover with dual standing positions for viewing and typing satisfies your different needs. Viewing angle frees your hands to other activities and avoids any joint pain, while typing angle enables you to type or draw comfortably.

Precise Cutouts

All-around protection for your precious iPad. Precise cutouts allow full access to all features (buttons, speakers, cameras)

Case Features

Support 2nd Gen Apple Pencil charging and attachment feature.

Support sleep/wake feature with easily snap on and off the case. Easy operation and energy-saving. The translucent frosted back cover shows the original look and charm of your iPad, while protects your device against fingerprints and scratches.
