

YW YUWISS T04 Bluetooth 5.0 True Wireless Earbuds with Charging Case Cordless in Ear Headphones IPX6 Waterproof with Noise Cancelling Mic for Apple iPhone Android Samsung (Black) Review-2021

[Read Customer Reviews](#)

PREMIUM HI FI STEREO SOUND QUALITY: Latest dynamic speakers equipped providing deep powerful bass and balanced audio clarity brings you a immersive performance with plenty of detail and composure. Built-in dual microphones features CVC 6.0 intelligent noise cancelling, which blocks out most of surrounding noises during sports, running, jogging and reading etc.

LOW LATENCY SYNC & TOUCH-SENSITIVE PADS: Quick pair as soon as you take out the earbuds from charging case. Adopting Bluetooth 5.0 Technology, stay connected to your device up to 33 feet away without interruption. Touch-sensitive pads on each earpiece which can be customized to control music playback, track skip, volume control answer/hangup/reject.

SUPER COMFORTABLE FITTING: 0.14 ounce weight and additional 2 more sizes eartips bring less pressure to your ear canal. Ergonomically calibrated in ear design creates a perfect fit to ensure the earbuds stay in place no matter running, biking, working out, exercising at the gym or during almost any sports.

CHARGING CASE & LONG PLAYTIME: The T04 Wireless earbuds get up to 4-5 hours of battery before needing to be recharged. The included charging case nets you an additional 25 hours of battery life. The case utilizes Micro-USB for wired charging, which only take 1 hour to be full. It'll be relatively easy to find a charger to juice them back up.

Hesitate-Free Purchasing Experience: 365 days service + under 12 hours email reply + 90 days exchange policy + 30 days refund promise=A perfect purchasing experience. Please go and buy this Bluetooth earbuds no matter you need it for car driving, music listening, business trip etc.
